COMMENTS

Miller Communications, Inc., licensee of WTIM (AM) Taylorville, Illinois, reiterates its interest in allowing FM channel 247A (97.3 MHz) as its third local aural transmission service. Miller Communications, Inc., further states its intention to apply for the channel, if allotted.

Miller Communications, Inc. further states its intention to move present broadcast programming now heard on WTIM (AM) Taylorville, Illinois, to the proposed new FM channel 247A, and sign WTIM(AM) off the air and turn its license back to the Commission, if Miller is successful in obtaining the necessary construction permit to construct and build channel 247A in Taylorville, Illinois. WTIM (AM) was #396 of some 600 stations rated by the Commission in 1993 as those AM stations creating the most interference, of all AM radio stations in the United States.

It would be in the public interest for Miller Communications, Inc. to move WTIM (AM)'s programming to the proposed FM channel 247A, and hereby states its intention to do so if successful in obtaining the necessary construction permit to build channel 247A in Taylorville, Illinois. WTIM (AM) would then be signed off and its license turned back to the Commission.

Miller Communications, Inc., asks the the Commission amend the FM table of allotments, section 73.202(b) of the Commission's rules, with respect to the following community:

	<u>Present</u>	<u>Proposed</u>
Taylorville, Illinois	224B1, 232A	224B1, 232A, 247A

Miller Communications, Inc., further re-states its present intention to apply for the channel and if successful, move present programming from WTIM (AM) Taylorville, Illinois, to FM channel 247A and sign off WTIM (AM), if channel 247A is allotted, and if authorized, will build the FM station promptly.

The foregoing is true and correct, and executed under penalty of perjury.

Respectfully submitted,

MILLER COMMUNICATIONS, INC

By: Randal J. Miller
